NOVEMBER 2022

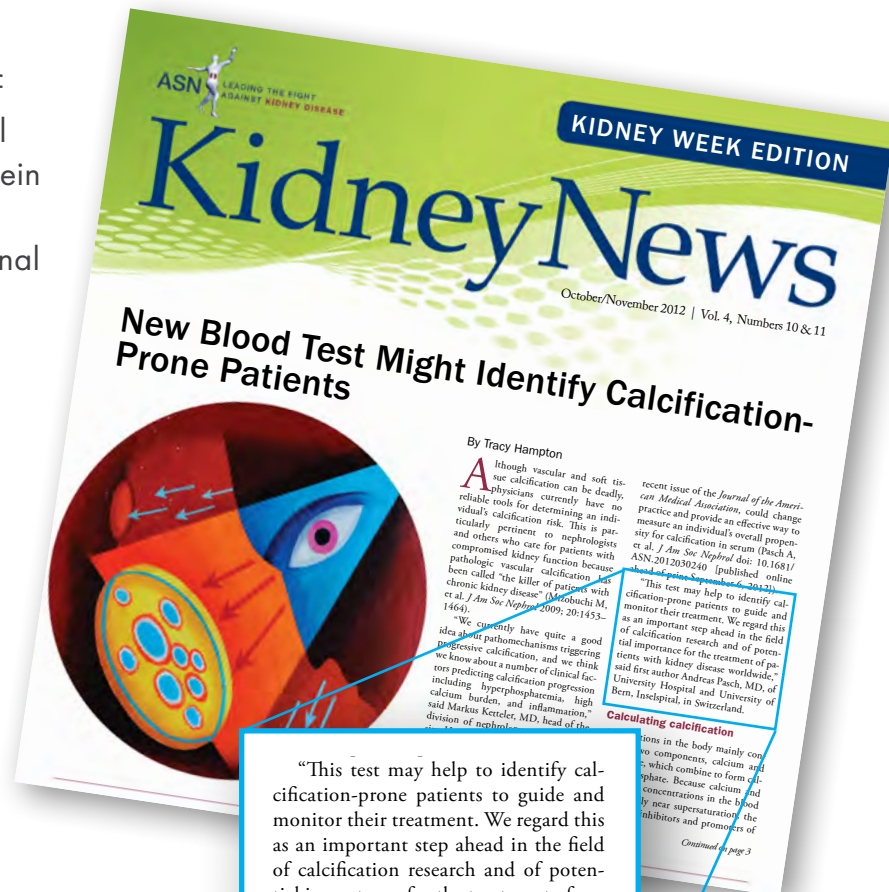

T50 and CPP translational session at ASN Kidney Week in Orlando, FL (5th Nov. 2022)

A few years after the first mentioning of T50 in the **KIDNEY WEEK EDITION** of **KidneyNews**, the scientific and clinical evidence about the physiologic calciprotein particle system and T50 has grown to become an important evolving field in renal medicine.

Consequently, this year, there will be a dedicated translational session at the ASN Kidney Week about **Calciprotein Particles and Calcification Propensity in CKD-MBD** (Saturday November 05, 2022 | 10:30 AM - 12:30 PM EDT).

Presenters are Edward R. Smith, Willi Jahn-Dechent, Elisabeth Jaeger and Wei Chen.

Furthermore, **Calciscon** will host booth 1308 in the ASN exhibit area. If you are interested to learn more about T50, please visit us or contact us directly at info@calciscon.com.
